

Are you covered by your Professional Liability Policy when you are acting as a title insurance agent?

Many attorney Professional Liability policies cover errors and omissions when you are acting as a title insurance agent. Check the definition section of your policy. For example, Hanover Insurance Group defines “Professional Services” covered under the policy to include: “Services... you perform...as a title insurance agent...” CNA defines covered “Legal Services” as: “Those services ...performed...as a lawyer... [or] title agent...”

Check your policy; you are probably covered. And if your policy doesn’t have title agent coverage, CATIC Title may be able to arrange a policy that has coverage at a cost which is less than what you are now paying.
